Dear Sir

Your Kind favour Came to hand with the Certificate of Funded Debt &c I have sent you all the Certificate and testimony that I could get in relation to the O Neil Funded Debt, which I hope will be satisfactory at least $500 will be so as I had purchased at the Sale of Costa's Estate his share if you are not satisfy with the proof of the other $200# send me the certificate in O Neils name & I will get the Probate Court to order an new Sale in order to have it perfected which will cost as much as it is worth, those County Courts are kept in so loose a manner that as in this case the papers are often lost. I could have proven by several witness who were present at the Sale but deem it unnecessary as all those who have certified are cognizant of the validity of my ownership of the ~~debt~~ Stock. I was under the impression that all was right in the Probate Court and that nothing had been neglected, but in this I was a little mistaken

Under the circumstances I think you have proof enough to issue the Stock in my name but of this

This estate will be handed over to the State Treasurer as there are no heirs as yet came to claim it.
