To James Stephenson Dr

To a Horse, taken by Capt Logan for the use of the Army of Texas, in 1836, shortly after the Battle of San Jacinto and receipted for to me by him, at the sum of $50.00

I James Stephenson do solemnly swear that the above account is just true and original, and that the same has never been paid. That Capt. Logan took from me said Horse for the use of the Army and that I consider myself justly entitled to pay for the same, at the above rate it being the amount and value of said horse according to the receipt of Capt Logan. So help me God.
