P.S. Did you ever at request of parties procure their certificates from Genl Land Office and cause them to be examined - This inquiry grows out of fact that I have had a claim rejected at Gen L.O. - and I must petition the Legs for relief - I wrote requesting favor of you to withdraw it (Singleton certificate) in May last and have examination - it was omitted - If you did cause certificates to be obtained from G L O ~~and~~ at request of parties & examined - in other cases it would be of service to me - if you reply affirmatively - in my petition to the Leg to have your certificate that I made such a request but that it was overlooked &c &c

I desire to be injurious & candid before you

Yours respectfully C R Stewart
