An application of Meredith Tongate for Donation 1441 and Pay for Military Services.

Personally appeared Meredith Tongate who upon oath says that he is the identical man to whom Bounty Certificate No. 2514 was issued - a certified copy of which accompanies this statement - that he came to Texas in 1835 and has resided here ever since - that he was in Capt Perry's company commanded by E. Burleson at the storming of Bexar - and that he has never received the Donation to which he is entitled for said service or any military pay - and the Certificate above mentioned is all that he has hitherto ever received or applied for in said service
