State of Georgia
County of Warren } Warrenton July 8th 1868

To the commissioner of claims against the State of Texas.

Dear Sir.

Having but recently learned that your legislature had passed a limitation act in relation to the donations made to soldiers having served in the Texas army during the war of 1835 & 1836, I beg leave to present the claim herewith enclosed, representing the sole heirs of George M. Vigal a single man who left this State in 1835 or 1836 under Captain Ward and who was killed at Fannin & Wards Massacre. I hope you will find the proofs sufficiently explicit and that there will be no delay in issuing land scrip for any Bounty, Donation, Headright or Money, due us as the heirs of George M. Vigal deceased. You will please at your earliest convenience inform me as to the amount of money necessary to the defraying the expences that will accrue in passing said claim through the State department as well as the cost of surveying and locating the same in land, and the amount of money due on said claim, if any. the amount of land due him or us as his heirs, and in fact all the information necessary, to my obtaining said claim, and your fee for the same, and I will send you the money or if you like a check on New York better than Georgia money I will send one. Please let me hear from you soon and oblige yours with the greatest respect.

Absalom Johnson 1296
