Palestine, Sept 17th 1858

Hon Ed Clark
Austin,

Dear Sir, When at Austin I filed in your office the bounty land warrant of W C Walker Mr Illingsworth informed me that there was no evidence among the records of the office showing that Walker had performed the service but that he knew Walker & would obtain this testimony for me, Mr I left the office soon after and I am not informed whether the proper steps have been taken, Now what I wish is for you to Examine the claim and if not approved, inform me, Mr Walker lives at Waco, and I think that the certificate was issued for services rendered in the Company of Capt William Hill now of Burleson County formerly of Washington County, John Burlage formerly & perhaps now a resident of your City James Walker, & John M Stephens of Stephensville all know that
