Dear Sir,

I herewith forward to you a letter received by me to-day from an old gentleman living in Oxford Mississippi who it seems performed military service in the war of 1835 & 36. Thinking that the act to reorganize the Court of Claims does not conflict with Act 317, Oldham & White digest in which the Commissioner is at liberty to give information to applicant concerning their claims. There was another gentleman in the same company by the name of Andrew Jackson Walker — Walker is dead & his heirs
