Waco Texas March 12th 1860

Comp Court Claims

Sir

Yours, was received this morning. You will find a power of Attorney to me given by James L White dated at Louisville Kentucky some two years since, together with proof of his identity, date of emigration to Texas and the time he served in the army of the Republic of Texas. Said power of Attorney gives to me the authority to demand and receive all due in favor of said White by virtue of his emigration to Texas A D 1836. I received through the former Commissioner of your Court (Mr Clark) a check on the treasury department for 6 months since rendered by Mr White to the army of Texas at 8$ per month, amounting to 48$, and received the money therefor. Now, there is evidently a certificate for 640 acres of land due the said White by virtue of the aforesaid service rendered to Texas. If you have no evidence on your books or on file in your office that said certificate has been issued - then I demand its issuance by and through the power attorney above mentioned. Give me an answer. Very respectfully

R O Wheelock
