Charleston July 3rd 1842

Sir

I have been to write you in hopes of hearing the Grit for which I have been in my application for some time. I have filed in your Office the evidence for which to be allowed, as the Commissioner of Education directed.

Mr Archer informed me that I must make the proper application for liability. You will oblige me very much if it can be procured, to send me the amount, or such a certificate as will enable me to dispose of it to the Sheriff for Taxes.

Please inform me

Yours truly & obt Serv.
