Galveston 2. July 1844

Sir

Mr. Buckner informs me he is under the impression that you received warrants for all those who sent Powers of Attorney by Mr. Nelly. will you do me the favor to inform me if such be the fact, as I handed Mr. Nelly a Power the day before he left this place, and I presume he placed it in your hands with the others –

Should you however, have received a warrant for the amount due me, may I ask you to do me the kindness, to obtain whatever the sum is & hand it to Mr. Buckner –

If I am misinformed will you have the goodness to drop me a line in reply, and say whether it will be necessary for me to form and send other Power of Atty – your attention will oblige

Your Respectfully
James M Hamilton
