This is to certify that Doct.r G.W. Barnet, my division against the Indians in August, with a company under his command; In which capacity he serv'd. & discharg'd. the duties incumbent on him as an Officer & gentleman during the time he was with me; a part of the division turn'd. off, & took another rout. ~~and~~ Barnet's Company was among that number: which is the reason, I cannot say the length of time that Doct.r Barnet serv'd. in said campaign; But, I would feel bound to give full credit to any assertion, or statement that the Doct.r would make relative to his term of Service.
