John Landrum
filed 2d Feb. 1837
Examined same day
it seems that this case
was examined in the
pay department and
three months allowed
it also appears that a
land certificate has issued
it further appears to have
been examined by J. L.
Nicholson. and not by the
Paymaster General. I am
bound to state in accord-
-ance with my duty. that
great injury may arise
to the public by issuing
land warrants improperly
~~and~~ when connived at by the Gov
TX ernment. how many cases
of the like character there
has been land certificates
