This is to certify that Captain William Bucknell, formerly of the State of Missouri but now of Red River brought into the service of the Texas Army a company of Mounted Men whose service dated from the fourteenth day of July and ended on the 14th inst. with that three months. I take much pleasure in testifying to Captain Bucknell's good and soldier like conduct and that he has properly made out his returns through me to the War Department.

Columbia October 19th 1835.
