Samuel H Kirby

In this case by the law
lieutenant would be entitled to 4
days pay at $20 per month
that law having expired at the
evacuation of San Antonio —
and Eight dollars per month for
the remainder of his time which
would make $102.80 instead of
$280. I would ask of your
Excellency in what light he
views the Joint Resolution
directing the Auditor to respect
the acts of G.W. Doe. —
See page 105. 2d Edition
I consider them precisely upon
the same footing as other
certificates that the merits of the
claim is to be enquired into
but is contended I am to allow
them for the same amount
he has spend them for without
enquiring into the justness of
the claim or the auditor will be
governed by. [illegible] auditor
your Excellency
opinion
