We the undersigned do hereby certify that we were attached to the 1st Legion of Cavalry under Col. W. S. Miller, when he together with his men were made prisoners by the Mexicans. [redacted] and we further certify that the said Miller, whilst a prisoner, did from time to time expend a considerable amount of money, by presenting the mexican officers with different articles of value, and we verily believe that by this means, he as well as ourselves was enabled to escape from our enemies and a loathsome prison, or if not death — Austin Dec. 7. 1838
