Republic of Texas.

J. W. T. Miller

To amount sundry articles of Swelling &c purchased and given by me to the Mexican officers after being made a prisoner, the saving being considered as presents. in order to obtain some lenient treatment and finally to afford myself and men an opportunity to escape. The same estimated at $100.46

Houston Oct 1838. I certify on honor that the foregoing is correct as far as my recollection extends. but think the amount as set forth rather less than I expended. the same being in United States paper.
