I hereby certify that I was acquainted with Colonel William P. Miller when he was a prisoner of war in Matamoros together with three of his Soldiers, and was aware of the fact that he and the aforesaid individuals were not provided for by the Mexican authorities, they being mostly supported by Colonel Miller himself who to my knowledge paid several bills for his and their Sustenance and for preparations made for his and their escape, and that said Col. Miller incurred considerable expense in procuring horses a guide and other things needed for that purpose.
