Republic of Texas
County of Fort Bend

Nathaniel Peck County Surveyor of said County, this day laid before us the Board of Land Commissioners for Fort Bend County two maps, drawn by himself of said county, one for the commissioner Genl. of the Land Office and one for the use of this County, and desired us to pronounce upon the value of the labor of projecting said maps. Whereupon taking under examination the said maps, and believing them to be correctly executed, Generally. Decean it as our opinion that the said Nath. Peck is entitled to two hundred dollars Texas money for the labor he bestowed on said maps, exclusive of running the boundary line of said county.

Given under our hands in Richmond the 28th day of October 1839

The length of the lines will show for themselves

Wm. Ly Martin

Daniel Perry Associate Commissioner
