Dr Col. That you may have as little inconvenience as possible in attending to this little matter I make a statement of the transactions &c —

— I was appointed the 4th or 5th July 1844. —

— In Dec last rec'd through Genl Thurman $208 61/100 —

— This leaves a ballance of $41.39/100 due on the end first year 4th or 5th of July last. —

— Rec'd few days since through W. B. Archiller a Treasury warrant for $100 — to be paid out of the appropriation for Dist Attys for the year AD 1846 — payed 1st Feby '45 — This is for the present year and is directed by Secy Treasy to be paid by Collector of San Augustine.

As this last warrant does not cover the ballance of last year as I expected it would when I wrote for it, I thought it would be well enough to have the little ballance settled now.

Yours &c O. M. Roberts
