Washington Feby 2nd 1836

This is to certify to the provisional government of Texas that a Squad of ten of us Volunteers for six months have been fed together with our horses four in number for five days by S. R. Roberts Esq. upon his own responsibility there being no public provisions at this point for the soldiers. Our circumstances after a long march made it necessary for us to remain here that length of time. We do hope that the Government in its liberality will make full remuneration to those who may have sustained the soldiers upon their individual responsibility in these times of peculiar scarcity in the Country

Very Respectfully

4 Horses – 5 days – 20 – 00
10 men – 5 days – 25 – 00
