New Orleans Nov 5th 1836

A R Royall Esq.

Dr Sir

You will receive by this Schr a Number Several Articles for the Service among which are 3 Tents for Hospital. Small Cart & Canvass Cow. Flour. Corn. Bacon &c &c all of which you will of course dispose of as the Public Service may require The Commissioners after having obtained a loan left here for Washington City. All the Papers from Texas give assurance that unconditional Independence will be declared at the meeting of the next Convention, which will meet with the decided approbation of our Friends here. I am sorry to learn that any difference should take place between the Governor and Council in this early state of affairs when the greatest harmony is required to secure our success. In the Law passed the 28 Oct. Article 15th on the subject of Lands is not generally understood. the Question is asked. Will Families Emigrating to Texas and becoming Citizens, be entitled to One League of Land, and will a Single person Emigrating to & becoming a Citizen of Texas at this time be entitled to 1/4 league of Land in addition to pay & Emoluments Stand for serving in the Army

Yours Respectfully
Edward H
