I am at a Great Loss to know whether to forward the Schr. and Cargo to Copino or not as I am not Officially advised of the Movements of Late of the Troops and Consequently fear by sending them so far West there might be some Risque of their falling into the Enemy's hands or of Damage for want of Immediate attention.

Of all these things it is Important that I should be Immediately Informed and also our Agent Mr Bryan - the Cargo of the Caroline has been safely stored at Coxes Point on the La Baca Subject to the Order of H.R.R. or all any Capt or Commanding Officer of the Texas Army or Legally Authorised Agent of the Govt of Texas and Storage Paid By a Draft Drawn on me by Super Cargo Kedf=
