Feb 19th 1836

Yesterday evening a passenger (my Neighbour Shepherd) arrived from the Durango having landed on the Peninsula and came across in a Boat and brings several Letters for the Council which I forward also several for me containing no new Information except a Statement relative to Santa Ana's Position which will be no doubt also in the Letters to your Body. And Mr Hall requests a List of Officers Civil, Naval, Military & Revenue and states that Santa Ana's Provision Vessels will sail under a White Flag with a Black Cross. This will be a good mark for our Vessels to be governed by.
