Gen: Land Office
Austin Nov. 15. 1839

This is to certify that in the month of April last Bartlett Sims County Surveyor for Bastrop County, by the hand of J. W. Burton, deposited in this office a map of said County the value of which was assessed by the Board of Land Commissioners for Bastrop County at $250.00, which account would now be approved by me, but for having been mislaid: The amount I consider just and true.
